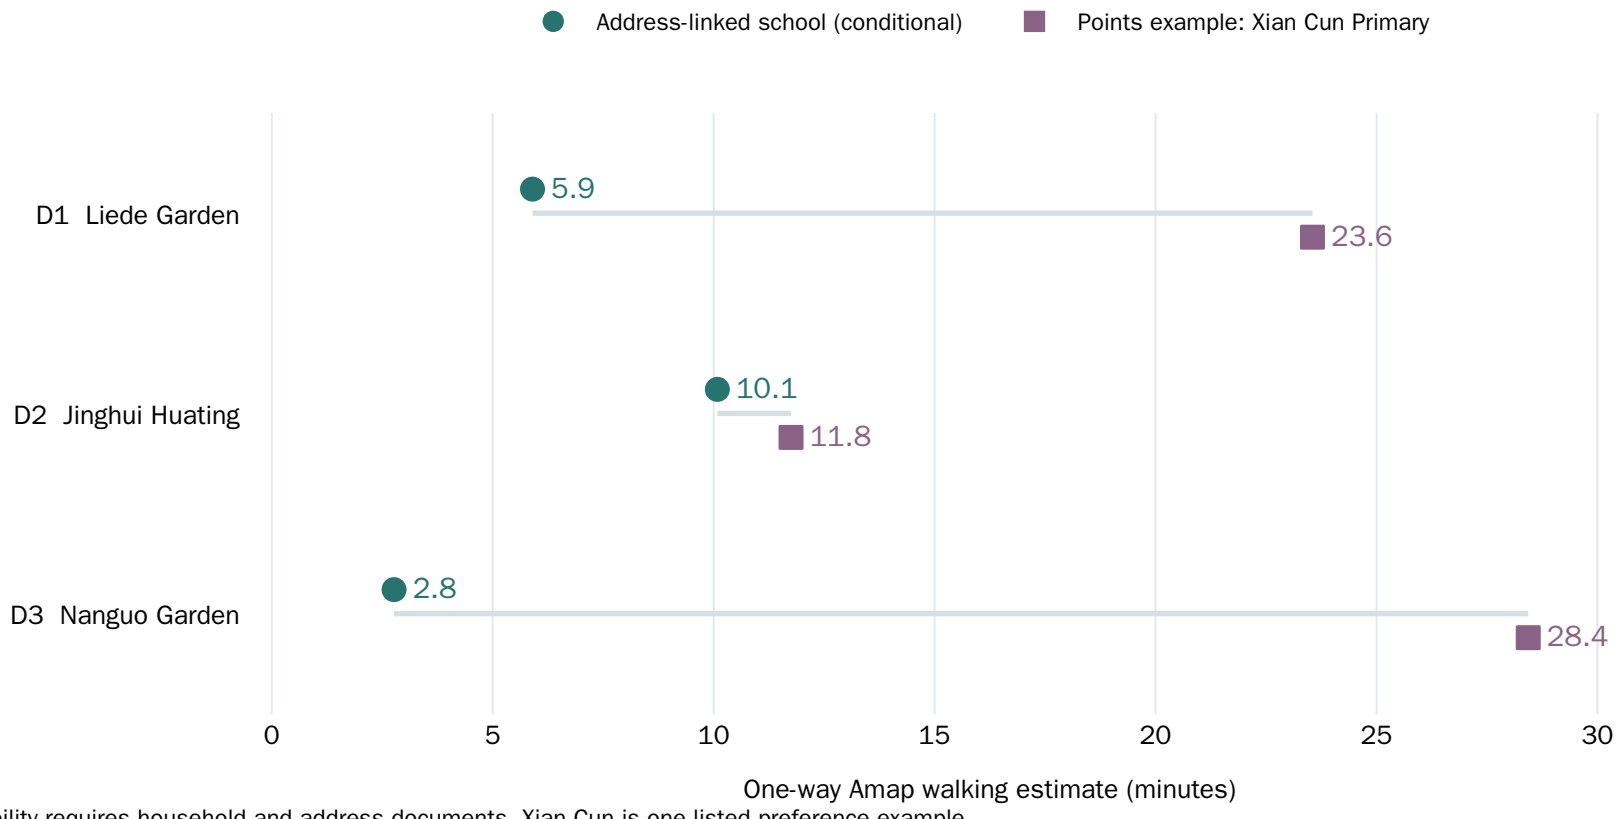
School walking times by admission channel

Grade 1 in Tianhe, 2026 | Three origins, two specified destination choices



Address-linked eligibility requires household and address documents. Xian Cun is one listed preference example.

Both series use archived point-to-point Amap estimates; gates, actual allocations and commutes were unobserved.

Sources: Amap, 12 Nov 2026; Tianhe 2026 primary catchment rules and migrant-points intake list.

Purposeful case comparison; no housing-cost ranking or nearest-eligible-school claim.
